

Clear[®] Modem

A home modem that's actually easy to install.

FEATURES

Easy To Use

- Installs in minutes
- Plug it in and connect it to your computer or router
- No cable guy necessary

Versatile and Dependable

- Dependable 4G coverage for your home or office

The CLEAR Modem gives your home or office super fast internet service that's actually easy to install.

This modem requires no appointment, no professional installation – it doesn't even require a phone line. This modem can connect any computer in the home or office to the worldwide web or it can be connected to a wireless router to create a home Wi-Fi network.
